Dear Kien Le Trung,

Congratulations on having your paper

(pap700s2) Efficient Knowledge Transfer with Similar Mating Probability and Dimension-aware Selection for Many-Task Optimization

accepted as a **\*\*poster\*\*** (page limit: 4 pages including references) for GECCO 2023.

Reviews are now available in the submission website at

<https://ssl.linklings.net/conferences/gecco> .

Please confirm or decline acceptance in the link above. Acceptance is subject to the condition that you consider the comments of the reviewers when preparing the camera-ready version of your manuscript. Note that you have to modify your article in order to fit a page limit of 4 pages including references.

After confirming acceptance, you will receive a separate email with instructions and information about the copyright process. You need to complete the copyright form to get the copyright notice with the final DOI you have to include in the camera-ready version of the manuscript. Your camera-ready version must be submitted via the submission system (<https://ssl.linklings.net/conferences/gecco/>) by Thursday, April 20th, 2023.

Please, prepare your camera-ready version following the instructions and templates at <https://gecco-2023.sigevo.org/Paper-Submission-Instructions> (see the Camera-Ready Instructions). Upload preliminary versions of your manuscript prior to the deadline to check if there is any problem or formatting issue (e.g., inappropriate or not embedded fonts).

Please note that May 10th, 2023 is the deadline for authors of accepted papers/posters to register. At least one author for each accepted paper/poster must be registered by then, and at least one author must present the paper at the conference. The registration site will open soon at <https://gecco-2023.sigevo.org/Registration>

Also, note that this work should not be submitted to any GECCO 2023 Workshop.

Thank you for submitting your work to GECCO 2023.  
I look forward to seeing you in Lisbon!

Kind regards,  
Luís Paquete  
EiC GECCO 2023
